Key to Profit - Our unique payment system engine

Launch on Binance Smart Chain: We are proud to see Key to Profit launch on a fast-growing token on the Binance Smart Chain blockchain. This gives us high performance and reliability of the payment system, as well as ease of use for our users.

Plans to create our own global blockchain: We are looking to further develop and plan to create our own global blockchain. This blockchain will have the unique ability to support all global transactions without delays, allowing us to become the leading payment system on the market.

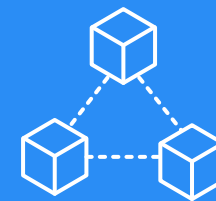

Security

Our global blockchain will provide instant and secure transactions worldwide. You'll be able to send and receive payments with minimal delays and reliability.

Scalability

Our global blockchain will be designed with scalability in mind. We will be able to process a large number of transactions at the same time, which will allow us to support an increasing number of users and payment volumes.

Decentralization

We are committed to the principles of decentralization and will ensure that our global blockchain is open and accessible to all participants. Your payments and data will be protected by cryptographic protocols and stored securely.

10 levels of affiliate program:

We offer a unique affiliate program, consisting of 10 levels, which allows you to receive a passive income. Our affiliate program is not a pyramid, it is an integral part of our system, which can function indefinitely.

Level 1: 10%	You receive 10% of the profit from all direct referrals you have invited. This reward is the main one and demonstrates your active role in the affiliate program.	+
Level 2: 2%	You get 2% of profits from referrals who were invited by your direct referrals. This confirms your effectiveness in building a strong and active team.	+
Level 3: 1%	You get 1% of the profits from the referrals you invited to the second level. Your work on the third level helps to ensure the stability and sustainability of the program.	+
Level 4: 0.5%	You receive 0.5% of profits from the referrals you invited to the third level. Your participation in this level complements and strengthens the financial system of the affiliate program.	+
Level 5: 0.25%	You get 0.25% of profits from the referrals you invited to the fourth level. Your contribution on the fifth level contributes to the growth and development of the entire affiliate program.	+
6th to level 9: 0.2%	At levels six through nine, you receive 0.2% of your referrals' profits. This demonstrates your worthiness and participation in the overall success of the program.	+
Level 10: 1%	At the tenth level you get 1% of the profits from the referrals you invited to this level. This is a special reward for your contribution to the system and long-term support.	+

Attention! Referral program and charges go - only from token sales (topping up does not count)

Marketing strategy Key to profit

Starter Course

The initial price of a Key to profit token is \$0.01. However, the value of the token will increase with every 10,000 coins created in the system. This allows participants to receive more profit as the demand for the token increases.

Difference in the buying and selling rate

We have a difference between the buying rate and the selling rate of the token. This difference in rate is used to fund the affiliate program, which allows people to earn a significant amount of money from inviting new users. Thus, system stimulates active inviting of new participants and ensures their financial success.

Continuous rate growth

We are committed to the constant growth of the Key to profit token. With the influx of new users and increase in demand for the token, its value will increase steadily. This creates the potential for significant financial growth and earnings for participants.

Statuses

Our system has different statuses that reflect the level of activity and success of the participant. When you move to the next status, you receive additional benefits and bonuses that contribute to your financial growth and development.
